PROVINCIAL BOARD OF HEALTH.

REGULATIONS of the Provincial Board of Health, approved by Order of His Honour the Lieutenant-Governor in Council dated the 15th day of February, 1900.

REGULATIONS

For the Prevention of the Spread of
Small-Pox to and in British
Columbia.

1. All passengers arriving at the Boundary Line from the south may be required to furnish the Inspector or Officer in charge of the carrying out of these regulations with a Certificate from the Health Officer of the city or town which he or she has left, containing the following particulars:—

- (a.) That he or she has not been in any place or building infected with small-pox:
- (b.) That he or she has not lived in any place or building which lies dangerously near any infected building or district:
- (c.) That he or she has recently been successfully vaccinated.

2. If the Inspector believes that any person is infected, or that his or her clothing or other effects contain infection, the Inspector shall detain such person, and his or her clothing and effects as aforesaid,

until the period of incubation is over, and such person and his clothing and other effects shall be at once disinfected.

3. If he only suspects that any person on board, or the effects of any such person, have been exposed to infection, he shall notify the Medical Health Officer of the locality to which the person is going to meet the train or boat, and to keep the person thereafter under observation.

4. In the event of any passenger bringing any baggage (hand or otherwise), or whether the same shall be forwarded by express, the following certificate may also be required from the Health Officer of the town or city aforesaid:—

(a.) That the said baggage (*here give full description of said baggage so that there can be no question as to identification*) has not been in any place or building infected with small-pox:

(b.) That the said baggage has not been stored or used in any place or building which lies dangerously near any infected building or district.

5. All railway companies, transportation companies, and stage lines must adhere strictly to the following regulations:—

(a.) All mail from infected districts destined for points on the boundary line, or north of same, must be fumigated on or before leaving the last point of call south of said line, and the master in charge of such mail must furnish the Inspector or Officer in charge of the carrying out of these regulations with a certificate from the Health Officer of such points where fumigation takes place that same has been done:

(b.) All cars must be fumigated before leaving American points for British Columbia points, and the Health Officer's certificate must be furnished that such has been done:

(c.) No Indians shall be allowed to land in West Kootenay or East Yale under any conditions.

Notification.

6. Whenever any householder knows or suspects that any person within his household has small-pox, he shall immediately, by special messenger when possible, give notice to the Medical Health Officer.

7. Whenever any physician knows or suspects that any person whom he is called upon to visit is infected with or has died of small-pox, he shall immediately notify the Medical Health Officer.

8. Any physician so called shall have, for the purpose of isolating the infected person and his attendants and of placing the patient, attendants, and all other persons residing in the same house and the house itself in quarantine, all the powers of the Medical Health Officer, and the duty of ordering and enforcing such immediate isolation and quarantine shall devolve upon such physician until the Medical Health Officer has been notified and has had time to act.

9. Whenever a teacher in any school has reason to suspect that any pupil is suffering from small-pox, or that small-pox exists at the house of any pupil, he shall notify the Medical Health Officer immediately, and shall prevent the attendance of said pupil or pupils until medical evidence that no danger of infection exists has been obtained. (*Vide* section 86, sub-section 3, "Health Act, 1893.")

10. Physicians, teachers, and householders shall notify the Medical Health Officer of the presence, or suspected presence, of chicken-pox.

11. The Medical Health Officer shall immediately give notice by telegraph to the Provincial Board of Health of the first case of small-pox which shall appear in his district, and shall further furnish every seven days, or oftener if required, a statement showing the number of new cases developed, the number of those who have died, the number of those who have recovered, and the number who are still sick.

Suspected Case.

12. The Medical Health Officer of every district, or any of his medical assistants, having received information of a suspected case of small-pox, shall immediately inquire into the facts, either by consultation with the attending physician or by his own personal observation, or both. If the characteristic symptoms are not sufficiently developed at the time of investigation, the Medical Health Officer shall keep the case under his own personal observation at the special suspect station or elsewhere until the true nature of the disease is discovered. Until the time has arrived when, in the opinion of the Medical Health Officer, all cause for suspicion or danger is past, the suspected case shall be isolated and otherwise dealt with in the

same manner as prescribed for a case of small-pox. The persons living in the same house, or who have been in contact, with the infected patient, shall also be kept under observation. And all such persons and the suspected person also shall be immediately vaccinated with the most active vaccine matter procurable.

Actual Cases.

13. The action to be taken in the event of a case of small-pox being discovered is shortly as follows:—
(a) Detention, disinfection, isolation of persons affected or exposed to infection; (b) disinfection of car or boat; (c) vaccination of all persons who have been exposed to contagion or suspected of conveying contagion; (d) the treatment as a suspect of any person who refuses to be vaccinated; (e) notification of the local Board or Health Officers at places of destination; (f) notification of Secretary of Provincial Board.

Vaccination.

14. It shall be incumbent upon Local Boards of Health to arrange suitable times and places for vaccination, and to give public notice thereof.

15. It is now deemed necessary, and is hereby ordered, that teachers in Public Schools and High Schools or Colleges shall require a certificate of successful vaccination from each child attending at such School or College, or a certificate that such child is at that present time insusceptible to vaccination. The certificates shall be presented on demand to the teacher or other proper authority.

Penal Clause. (Sec. 94, Health Act.)

16. Provides that any person who violates any regulation of the Provincial Board shall, unless it is otherwise specially provided, be liable for every such offence to a fine not exceeding one hundred dollars, with or without costs, or to imprisonment, with or without hard labour, for a term not exceeding six months, or to both fine and imprisonment, in the discretion of the convicting Court.

17. The Small-Pox Regulations adopted in 1896 are now in force.

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is

received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring $10\frac{3}{4}$ inches by $7\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. One hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

And further, that said Commissioners are to assume supervision of all outside dykes on any of the lands within the said dyking district, and to cause the same to be maintained at the cost of the sections, lots, or parts thereof, on which the said dykes are situated, to a height sufficient to prevent overflow from river or tide-water, and to cause to be constructed drains for the drainage of any lands within the said dyking district, as may appear to the said Commissioners necessary, when requested so to do by the owner or owners of a majority in interest of the lands to be benefited, and at the cost of the lands drained, and generally to do all things which may appear to them necessary, under the provisions of the "Drainage, Dyking and Irrigation Act," for the benefit of the land within the above described district.
